

## MOUSTACHE MEN DJs TECH RIDER

There's nothing we love more than rocking a crowd. We've usually got a 2 DJs on 4 Turntables set up for parties. Just means we can give'er & make it more interesting and fun.

Where ever possible we'd recommend it. We're also not pre-madonna's we're more in the post faze so if some of the gear isn't available, let us know what is so we can make the necessary adjustments. Walking in blind totally sucks.
